COUNCIL ADOPTS ASSET MANAGEMENT PLANS FOR ELECTRICITY AND TELECOMMUNICATIONS

At the Ordinary Council Meeting held on 29 July 2026, Norfolk Island Regional Council (Council) adopted the Asset Management Plans for Electricity and Telecommunications, as amended.

Pursuant to Resolution 2026/86 of the Ordinary Council Meeting held on 27 May 2026, Council placed the draft Asset Management Plans (AMPs) for Electricity and Telecommunications asset classes on public exhibition.

The public exhibition period concluded on 4 July 2026. One submission was received during the public exhibition period.

The one submission, received from Council management, recommended changes to the draft AMPs to reflect Part 6 of Resolution 2026/86, which requested that the final versions of the Asset Management Plans refer to the adopted service reviews and building condition assessment audit for Electricity and Telecom, as well as the Telstra independent assessment report.

The Electricity and Telecommunications Asset Management Plans can be viewed on Council's website at: www.nirc.gov.au/Your-council/Council-documents/Resourcing-strategy
